

 **BLAUPUNKT**

PREMIUM
WIPER BLADE

Adapter B3

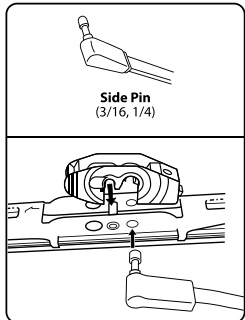

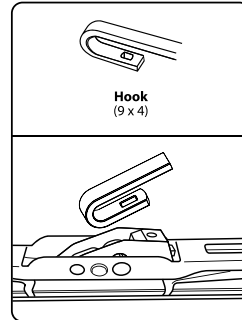

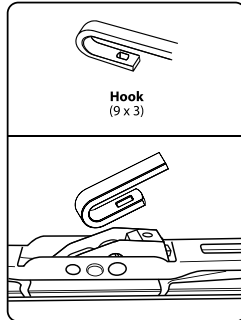

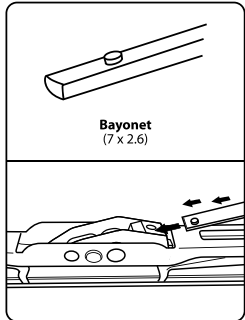

Enjoy it.

Operating and Installation Instructions

CAUTIONS

1. Remove any dirt from windshield and keep the windshield clean at all time for longer wiper life-span.
2. Wiper blade should be replaced when they neither perform as expected, nor provide sufficient level of safety requirement.
3. The recommended replacement duration for maximum performance is six months.
4. If wiper blades do not lift off from the windshield, operate the wiper until they reach the center of the windshield, turn off ignition and change the wiper blades.
